Notice to Contact Lens Patients: The contact lens fitting/evaluation fee provides you with the diagnostic contact lenses needed for your contact lens prescription to be finalized. Follow-up appointments related to your contact lenses are included in this fee for up to three months, in most cases. Professional service fees, including the examination charges and contact lens fitting fee, are non-refundable. Federal law mandates that contact lens prescriptions expire one year from the date of the fitting.

Pupil Dilation Consent: In order to fully determine the health of the eyes, pupil dilation may be necessary. Some eye diseases are found in the periphery of the eye and pupil dilation makes it easier to see the periphery. If the doctor decides to dilate, eye drops are used to enlarge the pupils. This may cause sensitivity to light and blurry near vision for 4-6 hours. People usually do not have problems driving after pupil dilation.
